EXECUTIVE SUMMARY

Minnesota's Ethics in Government Act (Minnesota Statutes, chapter 10A) requires lobbyists to report disbursements for lobbying purposes to the Campaign Finance and Public Disclosure Board three times a year. This summary is based on reports for lobbying disbursements made from July, 2000, through June, 2001.

Lobbyists filed a total of 9,320 periodic reports for the twelve-month period. Disbursement reports were submitted:

- by 1,330 lobbyists;
- representing 1,401 associations and individuals; and
- reporting a total of \$8,305,408 spent.

Lobbyists report total disbursements made by the type of lobbying: legislative, administrative, or metropolitan governmental unit. Of the 1,401 associations and individuals for whom lobbyists are registered, 950 (85%) reported making disbursements for lobbying purposes. A reported 92% of total disbursements were for legislative lobbying, 5% for administrative lobbying, and 3% to influence the official action of a metropolitan governmental unit. See page 5 for a comparison of total lobbying disbursements by type of lobbying reported in the last three years.

Reports must disclose honorariums, gifts, loans, items or benefits equal in value to \$5 or more given or paid to a public or local official from the lobbyist, the lobbyist's employer, or an employee of the lobbyist. Eleven associations reported giving items or benefits totaling \$618 to 25 legislators and two public officials. See page 15 for details. Lobbyists are not required to disclose their salaries or their political contributions.

Lobbyists for the Minnesota Twins reported the largest total disbursements during the period and the largest total disbursements for legislative action lobbying. Lobbyists for Qwest reported the largest disbursements for administrative action lobbying and lobbyists for FRM Associates reported the largest disbursements in attempts to influence metropolitan governmental units. Complete lists of the 50 entities which reported making the largest amount of disbursements and the largest amount of disbursements by type of lobbying begins on page 21.

The Board summary also includes a list of:

- individuals or associations that contributed over \$500 to associations to be used for lobbying purposes; and
- associations and the lobbyists that represented the association during the reporting periods covered, and the total amount of disbursements made.

Information in this summary is based on reports filed by lobbyists registered with the Board. The information has been neither verified nor audited. Lobbyist reports are available for public inspection at the Board office.

Information compiled as of September 13, 2001.

LOBBYING OVERVIEW

What is lobbying

Lobbying is defined as attempting to influence legislative or administrative action, or the action of a metropolitan governmental unit by communicating with or urging others to communicate with public or local officials in metropolitan governmental units. Any activity that directly supports this communication is considered a part of lobbying.

Who is a lobbyist

Any individual who is engaged for pay or other consideration or who is authorized by another individual, association, political subdivision, or public higher education system to spend money and who spends more than five hours in any month or more than \$250 in any calendar year (not including travel expenses and membership dues) for the purpose of attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or local officials.

A nonelected local official or an employee of a political subdivision who spends more than 50 hours in any month attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit, other than the political subdivision employing the official or employee, by communicating with or urging others to communicate with public or local officials, including time spent monitoring any of the forenamed actions and related research, analysis, and compilation and dissemination of information relating to legislative, administrative, or metropolitan governmental unit policies in Minnesota.

Any individual who spends more than \$250 in any year (not including travel expenses and membership dues) for the purpose of attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or local officials.

Any individual who merely communicates with a public official to obtain information or request an interpretation of a law, rule or agency action is not a "lobbyist".

About lobbyist registration

A lobbyist must complete and file with the Campaign Finance and Public Disclosure Board a Lobbyist Registration on behalf of each association or individual which the lobbyist represents. Information disclosed on Lobbyist Registration Form: name and address of the registrant, name of the association (including officers and directors)

or individual represented, name and address of lobbyist's principal, and general description of subjects on which registrant expects to lobby and the kind of action the lobbyist seeks to influence.

Principal

An individual or association that spends more than \$500 in the aggregate in any calendar year to engage a lobbyist, compensate a lobbyist, or authorize the expenditure of money by a lobbyist or is not included in the definition above and spends at least \$50,000 in any calendar year in efforts to influence legislative action, administrative action, or the official action of metropolitan governmental units.
